Objective

To obtain a challenging position in a lubricant manufacturing or quality control environment, where I can apply my laboratory knowledge, analytical skills, and technical expertise to ensure product quality and contribute to efficient production processes.

Professional Experience

Internship – Dr. L. H. Hiranandani Hospital (June 2025 – Oct 2025)

Gained hands-on laboratory and analytical experience with various diagnostic and testing equipment, applicable to industrial and quality control settings.

Key Equipment Handled:

- Clinical Chemistry: Vitros XT 7600
- Hematology: Sysmex XN-1000
- Urinalysis: Sysmex UN-2000 (UF-5000 + UX-3500)
- Microbiology: VITEK 2, GeneXpert, BacT/ALERT 3D analyzers
- Electrophoresis: Bio-Rad D-10
- Pathology: Leica CM1520 Cryostat
- Rapid Diagnostics: G6PD Test Kit, J Mitra Malaria & Drug Test Kits

Developed strong laboratory discipline, accuracy, and familiarity with chemical testing methods applicable to quality assurance in lubricant analysis and formulation.

Education

- Advance Diploma in Medical Laboratory Technology (ADMLT) – Aug 2024–25, Skilling College of Paramedical College, Thane (MSBTE Board)
- B.Sc. Chemistry – 2021–22, University of Mumbai
- HSC (Science) – 2014–16, Maharashtra Board
- SSC – 2013–14, Maharashtra Board

Skills

- Strong background in chemical analysis and testing procedures.
- Proficient in sample collection, preparation, and analysis.
- Good working knowledge of Microsoft Office Suite (Excel, Word, PowerPoint).
- Basic understanding of laboratory safety and quality control principles.
- Effective time management and team coordination skills.
- Capable of handling analytical instruments and recording results with precision.
