

## MOSIL DG - 500f

### Solvent Based Cleaner

It is a non - chlorinated quick drying solvent based cleaner cum degreaser formulated from a carefully selected blend of solvents that removes moisture, oil, grease, waxy sludge, dirt or any other contaminations effectively.

It is formulated from new generation solvents free from Carbon Tetra Chloride (CTC), Silicones, 1-1-1 Trichloroethane, CFC 113, etc. which are banned and not Eco-Friendly.

#### AREA OF APPLICATION

Electrical Motors, Cables, Connectors, Bus Bars, Circuit Breakers, Transformers, Switchgears etc.

Also recommended for cleaning of mechanical parts such as gears, bearings, splines, hinges etc.

#### BENEFITS

1. Removes surface contamination, dirt, dust, waxy substrates, oil, grease etc. from surfaces.
2. Compatible with Plastics such as ABS, Nylon, Polycarbonate etc.
3. Leaves no oily residues on the surface thereby avoiding the process of rinsing or wiping etc.
4. Non-conductive, Non-corrosive and Chemically Stable.
5. High Dielectric Strength
6. Offers good resistance to moisture, dirt, dust, fluff etc.
7. Reduces electrical leakage and short circuits.

**PACKING:** 20 Ltr Pail, 210 Ltr Barrel

Owing to evolving packaging solutions, user is requested to kindly check the availability of a specific pack size prior to standardization.

## CHARACTERISTICS

## TYPICAL VALUES

1. Appearance	Clear, Colourless
2. Colour	Transparent
3. Specific Gravity	0.77 ± 0.1
4. % Volatiles	100%
5. Odour	Characteristic (Floral)
6. Copper Strip Corrosion	Negative
7. Flash Point (min)	44°C (110°F)
8. Initial Boiling Point	162°C (320°F)

*Material Safety Information required for safe usage of this product may not be included in this product bulletin and may be sought by contacting MOSIL. Users are advised to go through the Material Safety Data Sheet (MSDS) of this product prior to application / usage of this product.*

*All statements and information contained in this document are based on the laboratory testing and user experience on actual applications. Owing to the exhaustive possibility of application for which this product may be used and the variety of equipments, performance parameters, environmental conditions and unpredictable human factors, we strongly recommend that this product be tested on the actual application prior to its standardization. All information contained herewith is offered in good faith but without any expressed or implied warranty. This Product Bulletin may already have been revised considering the availability of raw components, legislation, user experience & expectations and enhancement of knowledge of the development team of MOSIL. Users are requested to kindly seek the latest version of this product bulletin by contacting MOSIL. Information provided in this Product Bulletin is based on the generalised expectations and requirements of users. Additional information for this product may also be sought by contacting MOSIL.*
