

MOSIL SPRAY - QD

(Quick Dry Electrical & Electronic Cleaner)

It is a heavy component cleaner formulated from a carefully selected blend of solvents that remove moisture, oil, carbon, waxy sludge, dirt or any other contaminations effectively from electronic and electrical circuits.

It is formulated from new generation solvents free from Carbon Tetra Chloride (CTC), Silicones, 1-1-1 Trichloroethane, CFC 113, etc. which are banned and not Eco-Friendly.

AREA OF APPLICATION

Electrical connectors, switches, bus bars, sliding and rotary tuners, potentiometers, test instruments, rocker / push-pull switches, relays, circuit breakers, transformers, switchgears, bus bars, Terminals, Transformers, motors, generators, control instruments, communication assemblies, starters, solenoids, Capacitors, Fuse Boxes, Ignition systems and other sensitive electronic components etc.

An ideal product for cleaning of a component such as PCBs etc. prior to application of anti-corrosion coating, paint or any other type of coatings.

BENEFITS

1. Removes surface contamination, dirt, dust, waxy substrates, oil, grease etc. from surfaces.
2. Leaves no oily residues on the surface thereby avoiding the process of rinsing or wiping etc.
3. Non-conductive, Non-corrosive and Chemically Stable.
4. Offers good resistance to moisture, dirt, dust, fluff etc.
5. Compatible with Plastics such as ABS, Nylon, Polycarbonate etc.
6. Reduces electrical leakage and short circuits.

PACKING: 312gm Eco-friendly Aerosol Spray

Owing to evolving packaging solutions, user is requested to kindly check the availability of a specific pack size prior to standardization.

	<u>CHARACTERISTICS</u>	<u>TYPICAL VALUES</u>
1	Appearance	Clear, Colourless
2	Base	Blend of Solvents
3	Colour	Transparent
4	Specific Gravity	0.65 ± 0.1
5	% Volatiles	100%
6	Odour	Mild
7	Propellant	Carbon Dioxide
8	Contents	312gm when packed

Material Safety Information required for safe usage of this product may not be included in this product bulletin and may be sought by contacting MOSIL. Users are advised to go through the Material Safety Data Sheet (MSDS) of this product prior to application / usage of this product.

All statements and information contained in this document are based on the laboratory testing and user experience on actual applications. Owing to the exhaustive possibility of application for which this product may be used and the variety of equipments, performance parameters, environmental conditions and unpredictable human factors, we strongly recommend that this product be tested on the actual application prior to its standardization. All information contained herewith is offered in good faith but without any expressed or implied warranty. This Product Bulletin may already have been revised considering the availability of raw components, legislation, user experience & expectations and enhancement of knowledge of the development team of MOSIL. Users are requested to kindly seek the latest version of this product bulletin by contacting MOSIL. Information provided in this Product Bulletin is based on the generalised expectations and requirements of users. Additional information for this product may also be sought by contacting MOSIL.
