Work Experience

Software Engineer Geecon Global Pvt. Ltd.

Mumbai 04/2023 - Present

- Built and maintained scalable front-end architecture for web applications using React, Next.js, and TypeScript.
- Collaborated on API integrations and form validations using React Hook Form, Zod, and Prisma ORM.
- Improved site performance by 30% through code splitting, caching, and optimized resource loading.
- Implemented Google Analytics tracking across pages to enhance user behavior insights.
- Led UI/UX revamps to align with modern design standards using Tailwind CSS and modular component systems.

Associate Software Engineer Geecon Systems Pvt. Ltd.

Mumbai 04/2021 - 04/2023

- Built and maintained dynamic features using PHP, WordPress, AJAX, and jQuery, enhancing admin dashboard usability.
- Improved deployment reliability by integrating Git version control and setting up CI/CD pipelines.
- Migrated legacy modules to modern CMS workflows, reducing maintenance overhead.
- Actively contributed to sprint planning and peer reviews, ensuring clean and maintainable code.

Trainee Software Engineer Geecon Systems Pvt. Ltd.

Mumbai 09/2019 - 04/2021

- Contributed to multiple client-facing websites built using WordPress, HTML, and CSS3.
- Used jQuery and Bootstrap to add interactive features and responsive UI elements.
- Implemented basic authentication, content forms, and plugin customizations.
- Worked closely with designers to convert Figma/PSD designs into pixel-perfect web layouts.
